

2026-Fall Recruitment - NCLab, CBNU (Chungbuk National University)

Network Computing Laboratory (NCLab) at CBNU is recruiting highly motivated PhD, MS-PhD Integrated, and MS students interested in Federated Learning and Edge AI.

Requirements:

- Strong academic background in **Computer Science, Artificial Intelligence**, or related fields
- Programming skills in **Python** or **Java**, with solid understanding of Linux
- Experience with **Git/GitHub** and **open-source development**
- Prior experience with **machine learning research** (e.g., implementing papers or running experiments) is preferred

Schedule:

- **Application Deadline:** March 24, 2026
 - **Evaluation and interview:** April 6 – April 10, 2026
 - **Notification of acceptance:** April 11, 2026
 - **Official admission process:** May 2026
- * The selected candidate will be recommended for CBNU's G-cruit program (pre-application deadline: April 13, 2026). <https://oia.cbnu.ac.kr/home/sub.do?menukey=7683>

How to apply:

- Applications must be submitted **by email only to** taehongkim@cbnu.ac.kr with the subject line starting with **[2026Fall]**. Applications via LinkedIn or other platforms will not be considered.
- Submit the following documents in a single email:
 1. Resume (CV)
 2. Academic transcripts for all previously completed degrees
 3. Research statement (300–500 words)
- **All three documents are mandatory.** Incomplete applications will not be considered, and no feedback will be provided regarding missing documents.
- Copies of published or submitted papers may be included as supplementary materials.
- Due to the **high volume of applications**, confirmation emails will not be sent upon receipt. **All applicants will be notified after the first-round screening.**
